1st Vice President/Programs Coordinator: Elizabeth Bonura

October Guild Polymer Clay Show:

Eva gave a brief description of what the board has been discussing in light of having our own show at the Live Oak Civic Center in October. Pancho is heading the committee for this show and will need some volunteers.

April King William's Fair Follow-up:

We will not be doing this show since it is so close to the date and most people will not have time to prepare for it.

May 5 & 6 SABOS Show:

The guild members discussed doing this show and most were interested in participating. Several members are also members of SABOS and will already be setting up. We will at least do a guild table to promote the guild but may also get an extra table for member sales. This show is mostly for people who are looking for supplies (jewelry findings, beads, pendants, etc.).

We also discussed the possibility of arranging a free table with SABOS for our guild in exchange for a free table for their guild at our October show. We discussed some other promotional ideas for the guild (for instance, doing some kind of Bottles of Hope promotion with the local media, etc.). Eva will bring this information to the Board for further discussion.

Program:

We had a clay day. People worked on a variety of pieces from jewelry to dolls.
